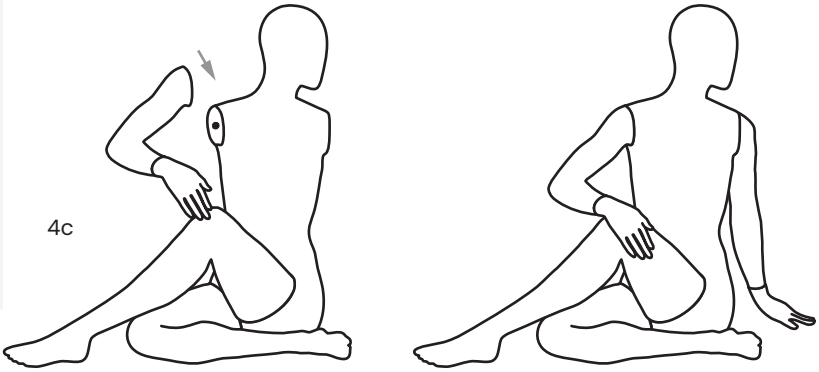
HANDLING & CARE GUIDELINES:

We recommend you to (dis)assemble the mannequin on a soft and flat surface to avoid any damage.

While dressing, one often inserts the arms through the neck opening of the garment. Please ensure that the hook-fitting is opposite from the chest and rotate the arm only when the position of the hook is in front of the insert in the body.


In order to clean the mannequin, please use a slightly moistened cloth with detergent that has been diluted with water. Minor stains can be removed with an eraser.
